#### Science Policy News

#### [NDD Coalition Surveys Impact of Budget Cuts](#)

The NDD Coalition has an active survey online for their membership and constituent groups. The NDD Coalition has asked ASPET members to respond to this important survey which aims to learn how scientists have been affected by recent budget cuts. Your responses are important as they will help to inform Members of Congress as they negotiate FY 2014 spending bills...

#### [House Labor/HHS Subcommittee Funding Reduced by \\$28 Billion: Potential Impact is a \\$5.4 Billion Cut for NIH in FY 2014](#)

The House released its 302(b) allocations for FY 2014. The "302b" refers to the total number of dollars that each appropriations subcommittee can spend on programs under that subcommittee's jurisdiction. Subcommittees cannot spend above the 302(b) spending limit. The Labor/HHS/Education Appropriations Subcommittee that funds NIH received a sum of \$121.8 billion...

#### [NCATS Seeks Comments to Avoid Competition with Industry](#)

The NIH National Center for Advancing Translational Sciences (NCATS) is requesting comments on ways to avoid duplication, redundancy, and competition with industry activities...

will be available soon. We look forward to seeing you in San Diego, CA next year from April 26 - 30.

## News from FASEB

### [New FASEB Factsheet Promotes the Value of Federally Funded Research](#)

The Federation of American Societies for Experimental Biology (FASEB) has released a new factsheet highlighting the value that federally funded biomedical and biological research provides to the American public as well as the private sector. The factsheet provides specific examples of NIH and NSF funded research that leads to improved health, a strengthened U.S. economy, and the development of new technologies, products, and industries...

### [FASEB Announces its 2nd Annual BioArt Contest](#)

Each day, biomedical and life science investigators produce thousands of images and videos as a part of their research; however, only a few are ever seen outside of the laboratory. Sharing visually compelling research data with the public can create a sense of wonder and excitement about science. This year, FASEB will be selecting 10 winning images and 2 videos. Click on the above link for submission guidelines. Submissions are due Thursday, July 11, 2013.

### [FASEB Responds in Opposition to 'High Quality Research Act'](#)

The Chairman of the House Science, Space and Technology Committee, Lamar Smith (R-TX), introduced the "High Quality Research Act," that mandates public certification by the Director of the National Science Foundation that every NSF grant meets certain requirements...

### [Applications Open for the 2014 ASPET Washington Fellows Program](#)

The mission of the ASPET Washington Fellows Program is to enable developing and early career scientists interested in science policy to learn about and become more engaged in public policy issues. Applications should be submitted to Jim Bernstein, ASPET Government & Public Affairs Director, at [jbernstein@aspet.org](mailto:jbernstein@aspet.org) by September 1, 2013.

## Other News

### **[British Pharmacological Society: Drug Discovery of the Year Opens for Nominations](#)**

The British Pharmacological Society (BPS) proudly announces that it is now accepting nominations for its Drug Discovery of the Year award. The award was established by BPS to demonstrate the importance of pharmacology in the development of new medicines, and to reward the achievements of the teams of scientists who discover new drugs. Nominations must be received by October 1, 2013. Click on the above link for more details.
